Turkish — Native
English — B2–C1

ABOUT ME

I am a Computer Programming student at İzmir Economy University. I develop projects with Python, Java, JavaScript, PHP and C#, and design databases with SQL. Learning new technologies and building meaningful projects is my passion.

EDUCATION

İzmir Economy University

Computer Programming — Associate Degree

2024 – 2026

Studying software development, databases and web technologies.

WORK EXPERIENCE

Egesal Teknik

Co-owner / Technical Service

2018 – Present

Co-owner of a family business in heating, cooling and pressure systems. Responsible for customer relations, technical coordination and operations.

Gameathon — Mentorship

Mentor | İzmir Economy University

2024

Guided vocational high school students through game development. Answered technical questions and supported project stages.

PROJECTS

EgeCan Airlines

Python · SQLite · OpenAI API · CustomTkinter

Desktop airline management system with modern UI and AI integration.

github.com/murategeerturk/pytontabanl-otomasyon

Calorie & Nutrition Tracker

PHP · MySQL · Bootstrap
